The information disclosure statement (IDS) submitted on July 20, 2005 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

***Allowable Subject Matter***

Claim 1-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Reasons for allowability of claims 1-15 are found in the previous notice of allowance, and no new prior art has been found which would change the allowability.

Regarding claims 16 and 17, the prior art discloses many examples of shielding electronic circuits, and the use of grounding is a well-known part of electronic communications circuits. The present invention discloses specific circuitry and shielding structure and its connections not found in the prior art. When incorporating all the limitations of the claim, none of the prior art discloses the features as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
